## EXPERIENCE

UX Content Designer

*Paradox Interactive | May 2023 - Current*

In this hybrid role, I apply UX theory to create an engaging and user-friendly experience for several titles, as part of an agile, cross-functional team.

Daily tasks include technical scripting, narrative design, UI design, game design, testing, ideation, and research.

UX Designer

*adesso DK | Copenhagen | February 2022 - February 2023*

In-house consultant. I worked on a multitude of projects on various platforms, oversaw the whole UX design process, and regularly presented our work to clients.

Daily tasks included ideation, competitive research, personas, scenarios, user journey, prototyping, task flows, mood boards, icon design, evaluation, and usability testing.

*Reason for leaving:* Lack of assignments.

UX Designer

*Purple Scout | Copenhagen | April 2021 - June 2021*

Internship. I worked on several projects ranging from mobile and tablet applications, some featuring AR.

Daily tasks included competitive research, user personas, scenarios, prototyping, task flows, mood boards, and usability testing.

System Developer

*Data Ductus | Malmö | August 2019 - March 2020*

In-house consultant. Java, HTML, CSS and C#.

*Reason for leaving:* Left company to begin studies.
